Core Technologies

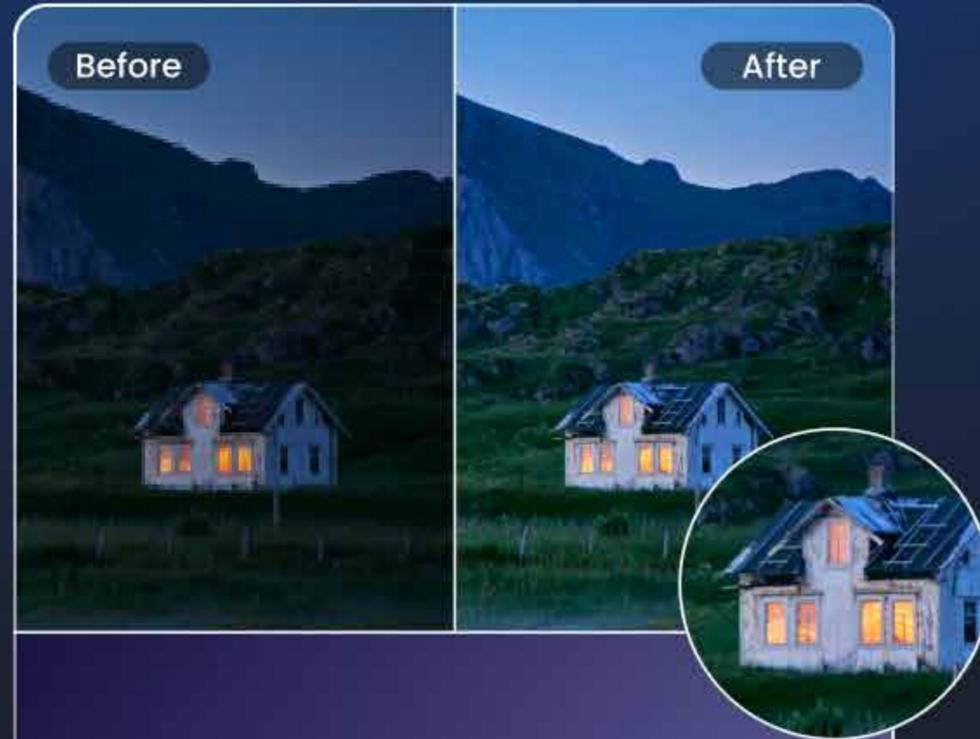

Fotor's story began with a passion: empowering photographers.

This passion fueled our groundbreaking HDR technology, which revolutionized image enhancement.

But that's just the beginning, in 2022, we took a bold leap forward by embracing AI-powered editing, opening our doors to a wider audience.

Tools Spotlight

Photo Editing

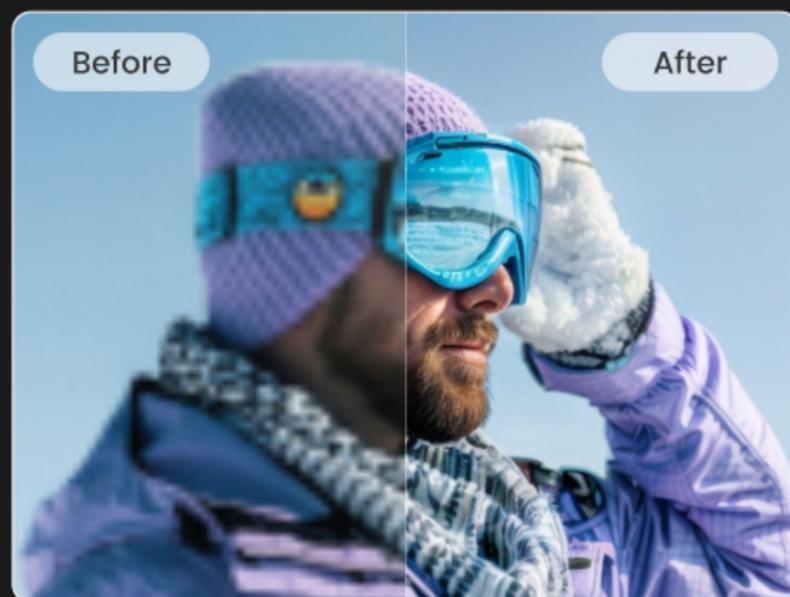

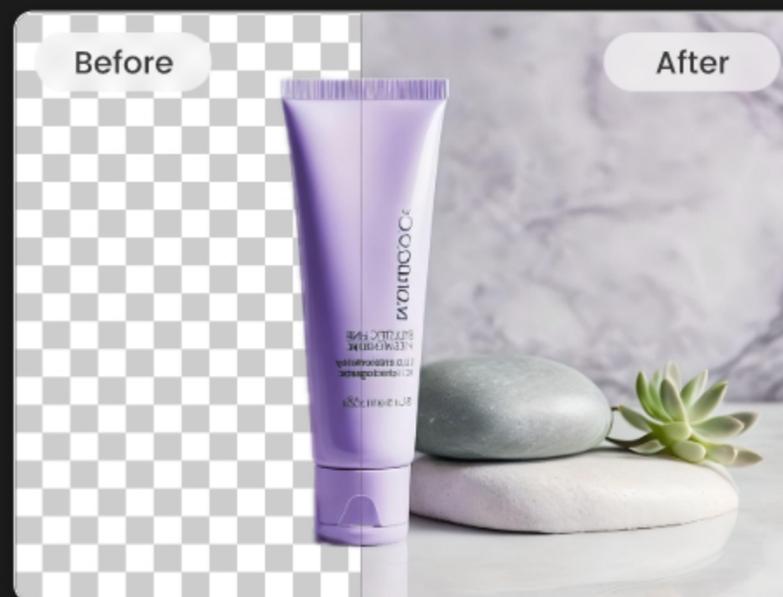

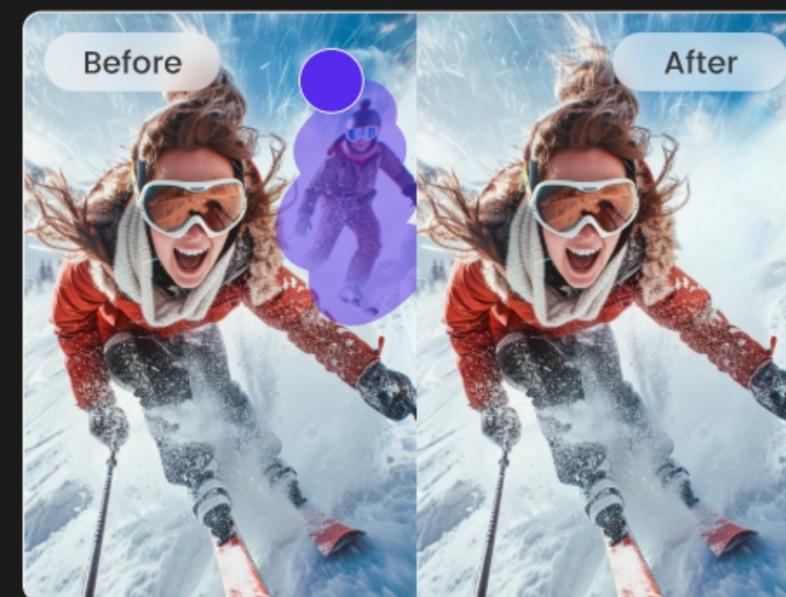

Photo Enhancer

Enhance photos with a single tap. Fotor AI analyzes your image, enhancing colors, sharpening details, and removing blemishes, all in a flash.

Background Remover

Precisely isolate subject in photos, creating a clean, professional look and leaving a transparent background. Perfect for any design project.

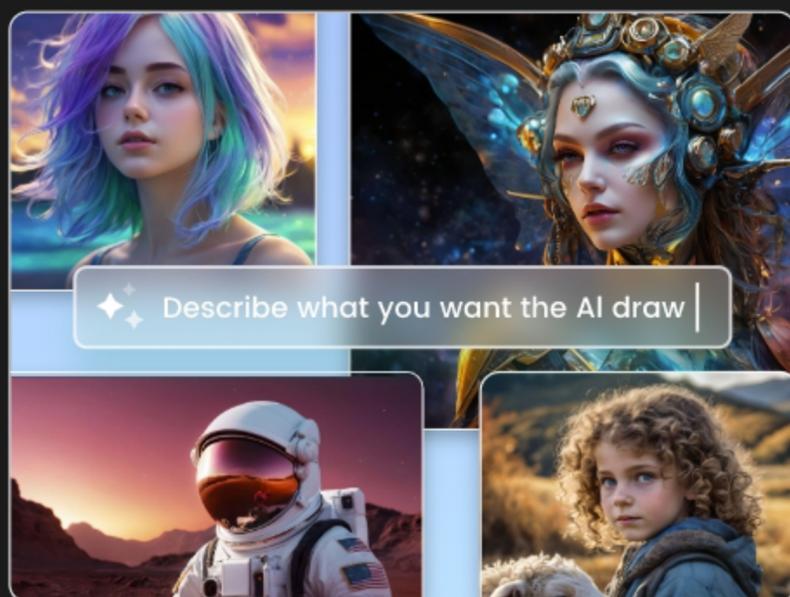

Object Remover

Remove people, text and any other unwanted things to create distraction-free photos and restore image to perfection.

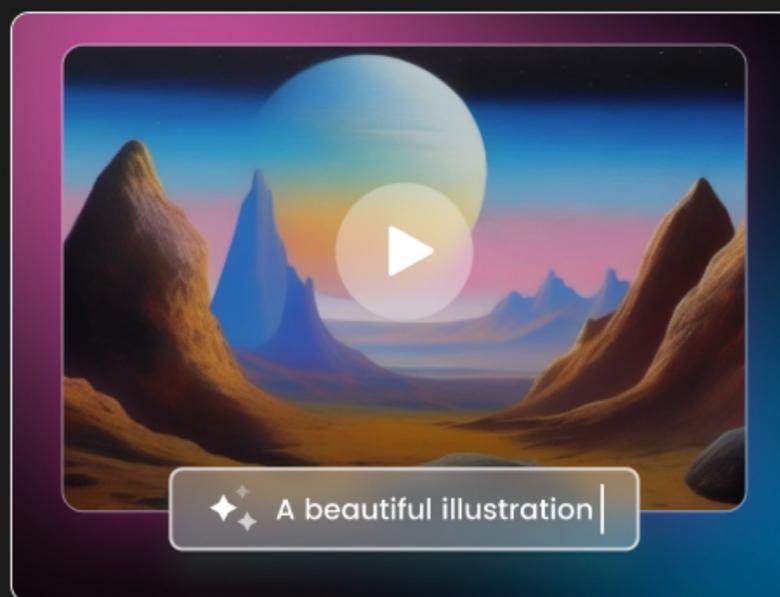

Tools Spotlight

AI-powered Creation

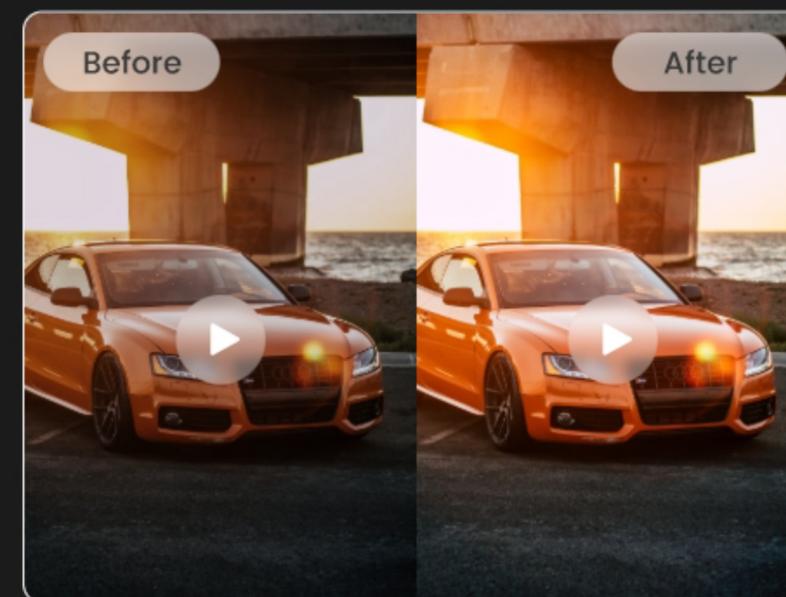

Text to Image

Bring your imagination to life by transforming text descriptions into stunning images. Fotor AI translates your words into visuals, empowering everyone to create unique and shareable content with ease.

Text to Video

Simply enter your script and watch as AI transforms text to videos within seconds. Effortlessly create compelling AI generated videos for any project.

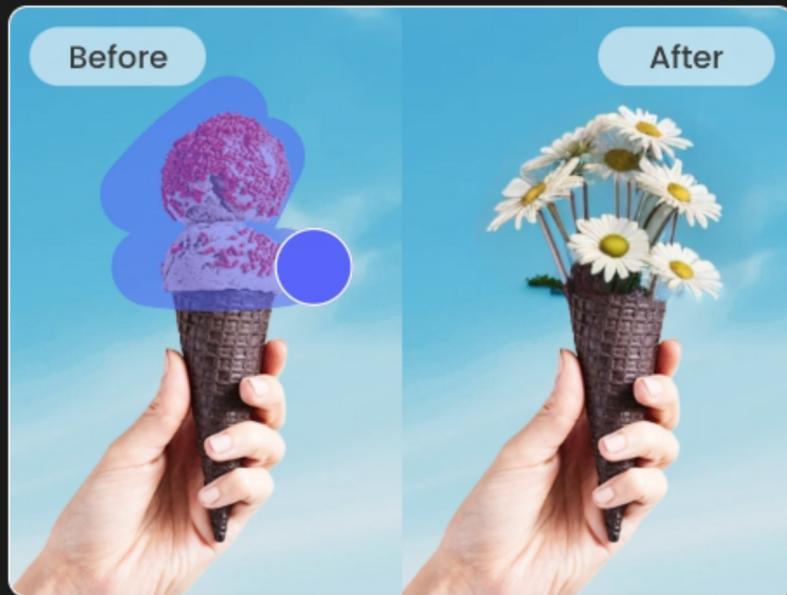

AI Video Enhancer

Automatically enhance resolution and optimizes colors for a stunning visual experience. Enhance your videos like a pro.

Tools Spotlight

AI-powered Creation

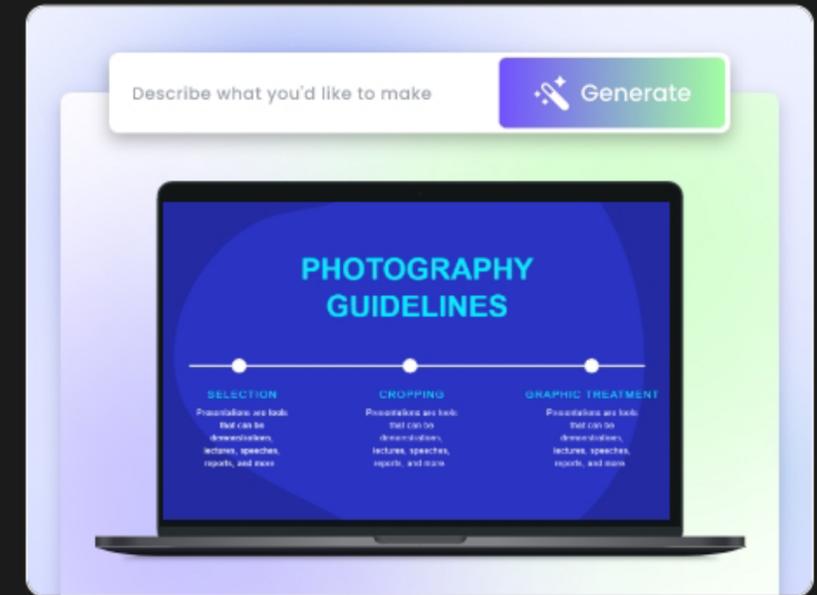

AI Replace

Simply brush over the area you want to replace, describe your vision, and watch Fotor AI seamlessly paint the perfect replacement.

AI Portrait (Headshot & Avatar)

Craft professional-looking headshots easily online with Fotor AI Headshot Generator. Upload your portrait, select style, and let AI do the rest. No photography studio required!

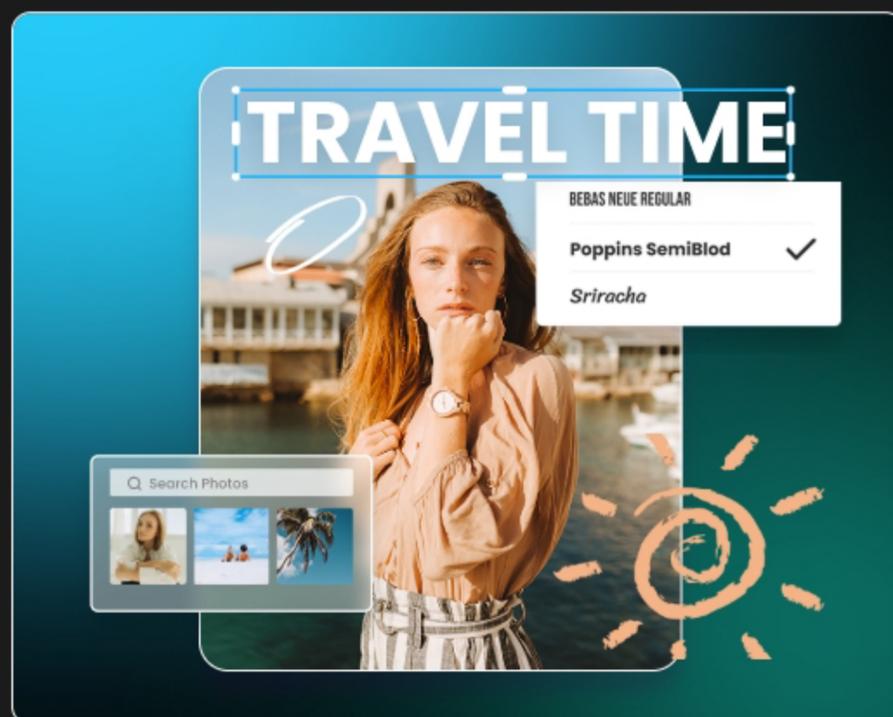

AI Slides Maker

Enter a topic, get an outline, choose a template, and generate stunning presentations with AI in minutes.

Tools Spotlight

Graphic Design

One-stop Design Hub

Explore an extensive collection of templates and stock images, and personalize your design with text, shapes, icons, and illustrations. Everything you need to design, in one place.

Templates

From social media graphics to presentations and marketing materials, customize each template with your own text and images to create stunning designs in minutes, even without design expertise.

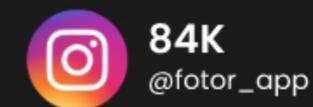

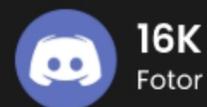

Collages

Craft unique and eye-catching photo collages effortlessly. Arrange, resize, and customize your photos in a variety of layouts, adding text and backgrounds to create your own visual story.

Our Audience

- Photographers
- Content creators
- Small businesses and startups
- Marketing specialists
- Educators and students
- Social media users

The Future *of* Creation Starts Now

Fotor's journey started with photo editing, but our vision extends far beyond. We're an AI-powered platform constantly innovating to bring everyone new creative tools.

In the future, we'll unveil new products and features while refining our technology and algorithms. Our commitment to innovation and user satisfaction will remain at the core, as we strive to create products that people love. We'll also actively participate in social and environmental initiatives, contributing to a better future for all.
